## **Classification of Living Things ... - BIOLOGY JUNCTION**

All living things are  
classified into five  
kingdoms: Animals,  
Plants, Fungi,  
Monerans, and Protista.

They are divided into

# Read PDF Biology Junction

## Classification

these five kingdoms by characteristics that are shared by most of the other living things in that Kingdom.

Kingdoms are divided into Phyla which are divided into SubPhyla which are then divided into Classes.

always remain an integral part of how we name, rank, and classify plants and animals. The classification system starts out by sorting living organisms into groups based on basic and shared characteristics (such as a plant or animal). Then each group is broken down further into more specific classifications; it might be helpful to think of a
